Some items were added to the registers after 1812, and these are also included.

Arrangement

Entries are in the order they appear in the original, although the layout of individual items often differs from the original ~ eg. line breaks at different points. Some abbreviations have been expanded ~ eg. 'Abp' replaced by 'Archbishop' ~ and some punctuation has been added, especially in the affidavits. Spelling and capitalisation (or the lack of it) is mostly retained, except that surnames have been fully capitalised.

The list includes brief titles, each identifying a register and the location within it of an original item. Entries are numbered, and these numbers are used in the indexes (which start at page 9) for Persons, Places and Miscellaneous topics.

Abbreviations and Notations

There are no special abbreviations or notations, except that square brackets are used to denote annotation.

11. A drawing of an ancient tomb stone, which stone was displaced by the sexton of this Parish when Mr L OSBORNE's vault was made in the Church. In LEWIS's Antiquities of the Isle of Thanet, allusion is made to this tomb stone, as being that of Ymar, a saint and monk of the Church of Reculver, who was buried here ~ it is supposed from the annals of St Augustines that Ymar founded the Church of St John the Baptist in the year 1050. On Friday the 1st of Sept 1843, I was examining this church with Mr J B RICHARDSON [uncertain first initial] Architect, when we discovered that half of this tomb stone under the stairs leading to the organ gallery ~ it was identified by J T HUNTER Esq [uncertain initials] as being part of the old tomb stone described by LEWIS. Search has been made for the upper part of the tomb stone as yet without success. Charles R CARRALL, MA, Curate of St John's Thanet [there is an accompanying drawing of the tombstone ~ no inscription]

38. Extracted from LEWIS' History by Wm HARRISON
This Church was at first one of the three Chapels, St Laurence, St Peters & St Johns, dependant on their mother Church of Minster, & very probably, was first begun to be built about the year 1050 & made Parochial sometime after the year 1200. It is now a Vicarage but was so instituted without any other Endowment than a Manse, a small Glebe, two Bushels of Wheat, to be paid yearly at midsummer, & a Pension of eight pounds a year, paid out of Salmestone, if that was not added since the Reformation. For

notwithstanding the provision made 1182 that a fit perpetual chaplain shou'd be presented by the Abbat & Convent to the Archbishop, to the ^(a) Altarages of this Church, provided they were worth ten Marks, it does not appear, that the Vicar here had any right to even the Offerings of the four principal days. But on the surrendering of the Abby into King Henry 8 hands, these Tithes &c coming to the Crown, application was made to King Edward 6 for some augmentation of the Living of the Vicar of this poor Vicarage, which seems to have been by him granted, tho' it was not finished till the next reign. For King Edward died July 6 1553 & the Letters Patent for that purpose are not dated till Novr 6 following. But be this as it will. By these Letters Patent are granted to Tho HEWET, the Vicar of this Church & his successors, all the small Tithes within that part of the Parish which is the Borough of Margate (about one third of the whole), the Personal & Paschal Tithes throughout the whole Parish, & the Offerings of the ^(b) four principal days.

By the several Terriers of this Vicarage, made in the year 1615 & 1637, there appears to have belonged to it a Glebe of about 15 acres of Land. Half an acre of this is said to have lain at a place called Sea Deales, which was not known in 1615, the sea very probably having long before that time washed it away. No one now knows such a place as Sea Deales. Another piece of this Glebe, which was once half an acre, lies at a place called ^(c) Rockinstairs, & is now almost quite lost by the sea's undermining the Cliff on which it lies. Has not LEWIS erred in this ?

(a) WRIGHT in his History of Halifax says Alteragium was at Westminster in Queen Eliz: reign, explained to mean Tythe of Wool, Lamb, Colt, Calf, Gosling, Pig, Chicken, Butter, Cheese, Hemp, Flax, Egg, Honey, Fruit, Herb & other small Tithes with Offerings. Edition published 1738

(a) The customary & voluntary Offerings at the Altar for some divine office or service of the Priest [apparently an addition to or alteration of the original note]

(b) These were anciently Christmas, Easter, Whitsuntide & the Feast of the Dedication of the Parish Church. But 1536 this last was changed for the Feast of St Michael

(c) So called from a Family named ROCKING, living in this Parish in Queen Elizabeth's reign 1566

39. Queen Mary's Letters Patent for the Augmentation of the Vicarage of St John [the] Baptist in Tenet [Thanet]. "Ex Originali penes me" says Mr LEWIS in his History, but I have now the Original.

55. Case

In the year 1714 Mr Edward BING & several other persons at that time Parishioners of St Johns Thanet, by the consent of the then Minister, Churchwardens & Inhabitants, erected a Gallery in the middle Chancel at the East end of the Parish Church there at their private expence, each of the Subscribers taking a separate Pew for the use of himself & his Family. Several of these Pews have been transferred at different times from one to another as Personal Property.

Mr Edward BING died many years since possessed of his Pew in this Gallery leaving an only son Edward BING his Executor & Residuary Legatee.

Mr Edward BING the son enjoyed this Pew without interruption for his life. He died in or about the year 1774 leaving a Will, by which,er [after] certain specific Legacies therein contained not comprehending this Pew, He gave all the residue of his personal estate to his Wife Ann BING for her life & after her decease to his nephew Benjamin SOLLY his Executors & administrators.

In or about the month of May 1765 Edward BING junior a Son of the last Mr BING intermarried with Alice COWELL the Niece of Mrs BING his Mother. He died in or about the year 1770 in the life time of his Father the last Mr BING leaving the said Alice his Widow him surviving. She hath since intermarried with Mr Robert EASON & is now living.

Upon & for some time previous to the present Mrs EASON's marriage with the late Mr Edward BING junior she was permitted, owing as it is presumed to the family connection by Mr BING her Father in Law during his life & after his decease, by Mrs BING his Widow & residuary Legatee for life during her life to have a Seat in the Pew above mentioned. This Seat having been enjoyed by Mrs EASON upwards of twenty years under such permission, Mrs EASON now claims a right hereto, which Mr SOLLY the substituted residuary Legatee of the last Mr BING,

56. ... Mrs BING the Widow & Residuary Legatee for life having died in Ap... [April] last, denies, considering himself as such, to have the sole Property in ... Pew & having accordingly since Mrs BING's death taken possession of the same.

The before mentioned Gallery is erected over a Chancel being private property & all the Galleries in the Church have been considered private property & locked up for security from being interrupted, & by long custom have been transferred from one to another & Pews in the Gallery have been customarily let & hired for different lengths of ... [time ?] as parties have agreed upon, Mr SOLLY having sold his part of ano... [another] Gallery in the Church & taken possession of the above mentioned Pew.

Your Opinion is therefore requested Whether the Sole Property of this Pew is not vested in Mr SOLLY & whether he cannot maintain the same against Mr [sic] EASON's claim of a right to a seat therein.

Upon the state of this Case I cannot see how Mrs EASON can maintain a claim of Right to a seat in this Pew, the Presumption is very strong indeed, to me it appears more than presumption, I think it to be very plain from the case stated, that her original & contin... [continued] use of the Seat was from Family courtesy only, such courtesy as no Family that was not divided, could deny & such as one shou'd think wou'd never induce any one to set up a claim under. I think the property of the Pew, such as it is, is in Mr SOLLY ... that he can maintain it against Mrs EASON.

Now a Familia or Hide of Land according to SELDEN 240 Acres, and according to LEWIS 64 Acres [inserted]. The whole Isle must contain 144,000. But surely there must be a mistake somewhere, as, I think, it cannot exceed 20,000. LEWIS says that the Upland or Sowing land in the whole Island is about 14,000, excluding Stonar & the Marshes, that there have been lost on the North & East above 1,000. In 1635 the number of Acres in this Parish amounted to 3,160.

And this Deponent Catharine WELLS for herself saith that on the twentieth day of August One thousand eight hundred and three she was delivered of a son who was to the best of this Deponent's belief on or about the twenty third day of September One thousand eight hundred and three Christened in the parish Church of Saint John the Baptist at Margate, by the names of Frederic and John.

And first this Deponent Susannah SQUIER for herself saith that on the nineteenth day of August in the year one thousand seven hundred and ninety eight she was delivered of a male Child, That in about three weeks after her delivery she attended with her said Husband and the said Elizabeth JONES at the Parish Church of the said Parish of Saint John the Baptist, with the Child to be baptized, which was then baptized by the Reverend William CHAPMAN then Curate of the said Parish of Saint John the Baptist [but] now deceased, by the names "John Omer SQUIER". And the said James SQUIER the husband of this deponent then duly paid the customary Fee on Baptism. But upon searching the Register of Baptisms of the said Parish the Baptism of her said son does not appear to have been registered. And this deponent farther saith that the said Child was duly baptized by the Reverend William CHAPMAN then Curate of said Parish of Saint John the Baptist by the name "John Omer SQUIER".

89. James DIXON the Elder of Margate in the Parish of Saint John the Baptist in the Isle of Thanet in the County of Kent, Gentleman, maketh oath that he well knew and was acquainted with Margaret GORE late of Margate aforesaid, Spinster, who departed this Life some time about the beginning of May in the year of Our Lord One thousand eight hundred and eleven, and who was buried in the Church Yard of the said Parish of Saint John the Baptist on the seventh day of May in the said year of Our Lord One thousand eight hundred and eleven. And this Deponent saith it appears that in the Register of Burials of the said Parish of Saint John the Baptist the Burial of the said Margaret GORE hath been by mistake entered by the name of Martha GORE and this Deponent saith that such mistake was wholly occasioned by the inadvertency of him this Deponent, he this Deponent having given in the name of Martha GORE instead of Margaret GORE to the Reverend William Frederick BAYLEY the Vicar of the said Parish of Saint John the Baptist previous to such entry being made.
